

## Third-party software DISCLAIMER

1. Frotcom International (Frotcom) can authorize its platform users to access third-party software, via the Menu option "APPS" of Frotcom WEB or any other Frotcom platform.
2. Any third-party software made available through Frotcom's platforms is provided "as is", without warranty of any kind, either expressed or implied. The use of the third-party software links on Frotcom platforms is done by Frotcom Partners (FCPs) Client users at their own discretion and risk and with the agreement that FCPs Client users will be responsible for any damage to their computer systems, loss of data or any other problems resulting from such activities.
3. The third-party software link requester entity, signatory to this disclaimer, is responsible for adequate protection and backup of the data and equipment used in connection with the third-party software. Frotcom will not be liable for any damages that FCPs Clients users may suffer in connection with downloading, installing, using, modifying, or redistributing such software.
4. No advice or information, whether oral or written, obtained by FCPs from Frotcom or any Frotcom website or platform shall create any warranty for any third-party software.
5. Additionally, Frotcom International gives no warranty that:
  - a) The third-party software will meet the link requester entity or FCPs Clients requirements.
  - b) The third-party software will be uninterrupted, timely, secure, or error-free.
  - c) The results from the use of third-party software will be effective, accurate, or reliable.
  - d) The quality of the third-party software will meet link requester entity or FCPs Clients expectations.
  - e) If errors or problems occur in connection with access to the third-party software obtained from the links on Frotcom platforms, they will be corrected.
6. The links on Frotcom platforms to third-party software are subject to the following conditions:
  - a) At any time without prior notice, Frotcom may make changes to the links pointing to third-party software.
  - b) In case Frotcom detects that the use of third-party software through Frotcom is becoming unstable, problematic, or downgrading the performance of any Frotcom platforms, such links may be suspended until the problem is solved or even definitely cancelled.
  - c) Frotcom does not assume any responsibility for errors or omissions in the third-party software or documentation available in any Frotcom platform or documentation in connection to the third-party software.
  - d) In no event shall Frotcom be liable to FCPs or any third parties for any special, punitive, incidental, indirect, or consequential damages of any kind, or any damages whatsoever, including, without limitation, those resulting from loss of use, lost data, or profits, or any liability, arising out of or in connection with the use of any third-party software.
7. All third-party software – being part of a distribution or not - is excluded from support, maintenance, and troubleshooting by Frotcom International.
8. Link name to access the third-party software: \_\_\_\_\_
